**Dr. Temple in Role of
Financier With No
Expenditures**

TIMES HAVE CHANGED

**Campaign Now Requires Lots
of Printer's Ink—Moving
Pictures Popular**

Under the Federal corrupt practices act candidates for Congress from Western Pennsylvania, together with candidates from other states, have filed their accounts of expenses. These silent but very explanatory credentials of the various aspirants for high official position give evidence of the change in times. Years ago a candidate could be satisfied with having his announcement printed in the papers in his district, and having a few hundred cards printed, together with a small contribution to his county committee.

With the new methods of campaigning all kinds of publicity is demanded, newspaper advertising first of all, poster, program, even toothpicks with names printed thereon and moving pictures. If the candidate is a farmer he must see to it that his constituents view him hoeing corn or digging potatoes; or if a mechanic he was shown by the films as working with machinery.

Rev. Dr. Henry Temple, of Washington, who is the Washington party candidate for Congress from this district, gave evidence that he sought to be a financier by his return of expenses. He reported that he hadn't spent anything, but had received contributions of \$200 from John W. Donnan and J. P. Miller, both of Washington.

Congressman Charles Matthews, of New Castle, who is the Republican candidate for re-election in this Congressional district certified to expenses totaling \$1,015.

Various congressional committees have filed reports also. The Socialist party in the Twenty-eighth Pennsylvania district has spent \$701.76 made up mostly of small contributions collected in various towns and cities.

Big Feature at the Palace.
A big sensational production, "Through Fire and Smoke," in three reels, will be presented at the Palace Theatre tonight. This is a new release, and those who witnessed it in Pittsburgh Saturday say it is one of the most thrilling films they ever saw. It is full of action and human interest and realistic to an intense degree.

Schuman-Heink Coming.
Charleroi music lovers are pleased with the announcement that Mme. Schumann-Heink, the noted singer is to appear in a concert to be given at the oldiers' Memorial Hall at Pittsburgh on November 1. The great diva will be assisted by a brilliant young pianist Edward Collins.

High School Dance.
The High School Dancing Club have issued invitations for a dancing class which will be held on Friday hereafter. Select. 82-45

**WILL NOT OPEN
BIDS ON SCHOOL
TILL NEXT WEEK**

At the solicitation of a number of bidders who declared themselves unable to have their bids prepared for tomorrow night, the time for the opening of bids for the new Charleroi school building will be extended to next week. There will be no meeting of the school board Wednesday night of this week.

Under the new arrangement the bids will be opened Tuesday or Wednesday night of next week, and if possible the contract awarded. The extension of the time will be generally satisfactory because of the Republican rally which is to take place tomorrow night. Architect A. P. Cooper was in Charleroi Monday and conferred with members of the local school board relative to school matters.

**IN NEED OF
MORE MEN**

**Macbeth-Evans Glass
Plant Experiences Prosperous Condition**

HAS A LARGE PAYROLL

Many additional men could be used at the plant of the Macbeth-Evans Glass company now it is declared. Operating at as near capacity as possible the factory is rushed with orders. There are nearly 1,500 now employed, and the payroll approximates \$15,000 a week. Recently a new factory was put in operation. There are two furnaces in this plant. To man it requires the transfer of workmen from other parts of the mill. Now a new decorating room is in course of construction that when finished will provide much needed room. A new office building is being constructed in the central part of the factory. This is a two-story building, that will probably be given over to the business superintendent, C. R. Peregrine, and manufacturing superintendent, W. S. James. It is understood that there will be nothing further done in the building line by the Macbeth-Evans company during the winter, but that its building force will confine itself to repair work.

The Macbeth-Evans Glass plant furnishes striking evidence of the prosperous conditions of the times. For some years this plant has been operating steadily, with barely a week's shutdown during the summer, made necessary by need of repairs. During the last two years it has had a particularly good run.

"Ostler Joe" at the Star.
"Ostler Joe" which is founded on the poem made famous by Mrs. Jns. Brown Potter, will be shown at the Star Theatre tonight. This is a pathetic but realistic story, which though old is ever interesting.

COMMISSIONERS TO MEET IN CHARLEROI

Brownsville Bridge Situation to be Discussed Tomorrow Afternoon—Fail to Accomplish Results at Pittsburgh Meeting

Commissioners of Fayette and Washington county discussed the proposition of a new Monongahela river bridge to connect the two counties at Brownsville at a meeting in Pittsburgh Monday afternoon. Adjournment was taken without anything definite having been done. Arrangements were made to hold a meeting in Charleroi tomorrow afternoon, when it is hoped that something definite will be accomplished.

**FEENEY POPULAR
DOWN THE RIVER**

**Donora American Tells of
Life Struggles of Local
Candidate for Assembly**

Hon. William Feeney of Charleroi who is one of the Republican candidates for assembly, is everywhere meeting with much encouragement. Mr. Feeney has served one term in the assembly with credit to both himself and his constituents, and his integrity and high sense of duty which was then displayed is winning him support in every quarter of the county. Speaking of Mr. Feeney's campaign, the Donora American says:

"The candidacy of William Feeney, who aspires to succeed himself as representative in the legislature, should appeal to all who admire inherent honesty of purpose and pluck, especially to the voters of the laboring class. Mr. Feeney belongs to the class of men who toil and is not ashamed of it. His election two years ago to the legislature did not inspire him to put on airs. Following the adjournment of the last session Representative Feeney found himself with time on his hands and a family to provide for. It was 'back to the mines' for him and Mr. Feeney went to work digging coal.

"Representative Feeney was raised in a humble Jefferson county home and early in life went to work in the mines. Shortly after attaining his majority he was attracted to the Monongahela valley and here he has since resided, always honest and industrious and always winning friends among his fellow workmen. In the United Mine Workers association he held for two years the office of district teller and for the same period he has served as international teller.

"Two years ago the miners of Washington county brought Feeney out as their candidate for the legislature, in the full confidence that in him they had a man who would work for their interests in the matter of legislation. Feeney won in spite of determined opposition. In that campaign money was spent freely by most of the candidates, but very little in the interest of Feeney. His total campaign expense amounted to \$52.

"Not only has Representative Feeney won the plaudits of his first supporters, but has steadily added to their number."

**DEMOCRATS GET TO
A PRIVATE WIRE**

From now until election the Democratic headquarters in the former rooms of the Plate Glass Workers Association in the Masonic building will be open. On election night a special wire will be run into the room, and returns will be received. This service will be free to the public, which is invited to visit the rooms then and at any time during the campaign.

"The Bridal Room" at the Coyle. The Imp film, "The Bridal Room," which is booked for the Coyle Theatre Thursday, is one of the features of the week. King Boggot, the favorite actor, plays the leading role with his usual force and ability.

**THREE WEEKS OF
LIMERICK CONTEST**

Interesting Advertising Feature of Mail Gradually Drawing to Close

Just three more weeks remain of the Limerick Contest and there doesn't seem to be any let up in the interest. The efforts of Mail readers have been received in greater number and of better quality than at any time during the contest, since last week's issue. The Mail appreciates the fact that some contestants have taken the page of Limerick ads and written a verse appropriate to each one. The Mail is sorry to say however that in many cases where such contributions were received, they lacked the point and sparkle of the single effort. Do not try to write down mediocre or ordinary Limericks. Write one good one—one that is something different or unique. The Limerick construction is the "five-five lines, with the limerick wing. Study the prize winners and you'll see that "there's a reason."

Following are the prize winners in Limericks published last week: Mrs. George Woodhall, one dollar prize for Limerick in advertisement of W. Berryman and Son, Department Store.

Miss Marie Whitehead one dollar prize for Limerick in advertisement of Leslie Campbell, Clothing and Men's Furnishings.

Besides these prizes of two dollars each with a grand prize of ten dollars in gold will be awarded to the person having written the largest number of prize-winning limericks. Those who have won prizes should do some thinking between now and the close of the contest and resolve to win the biggest and best prize of all.

**SCOPE OF SUNDAY
SCHOOL CONFINED**

With the idea of affording the Washington County Sabbath School Association a wider scope in which to work, John S. Rodgers of the Ebenezer M. E. Sunday School on Sunday evening at the Charleroi district convention held here, presented a resolution which was adopted, urging the enlargement of the constitution of the county association. Mr. Rodgers idea is to have the county Sunday School workers take up matters pertaining to the health and to the conditions of the people generally, instead of confining their efforts merely to the routine departmental work. His resolution was as follows:

To the Washington County Sabbath School Association:

Greetings: Whereas, The Constitution of the Washington County Sabbath School Association is an instrument less extensive than might be in scope, sphere and power for presenting, working and advancing the various matters and interests of Sabbath Schools:

Therefore, we the members of the Charleroi District assembled, respectfully request that the 1913 Convention of the Washington County Sabbath School Association enact measures necessary to enlarge the constitution thereof, to comprehend the various matters relative to Sabbath schools.

**EXTRA POLICE
ADDED TO FORCE
FOR HALLOWE'EEN**

Hallowe'en will have to be celebrated sanely in Charleroi, according to the edict of the police. Burgess Geo. W. Risbeck issued a statement Monday and it has been added to verbally by Chief of Police Albright who states that everything embodied in the statement will be enforced to the letter. There will be special police officers on the force Hallowe'en night to keep the celebrators within the strict orders which have been issued will be placed in the lockup and no forfeits taken.

**MEETING
IMPORTANT**

**Republicans to Lay Final
Plans Tonight for
Rally**

MUCH LOCAL INTEREST

Much interest is being manifested in the meeting of Republicans to be held tonight in the Bank of Charleroi hall at 8 o'clock, when final matters of preparation for the rally tomorrow will be made. The meeting will not be only for committeemen but for all Republicans.

In the parade tomorrow the Charleroi division will form on Sixth street above Falowfield avenue. A big number is expected to be in line. Preceding the Charleroi division in the parade will be the numerous delegations from other points.

Encouraging reports are being received from other places showing that they are taking as great an interest in the rally as Charleroi people.

Mr. C. E. Knoch, 1202 McKean Ave., Charleroi, Pa.

Dear Sir:—In reply to yours of the 5th inst., I beg to say that no injunction was ever issued or can I find anything in Woodrow Wilson's public career antagonistic to Labor. I am enclosing a pamphlet which proves beyond doubt Governor Wilson's attitude. His administration has received the favorable endorsement of the above organization.

What Voter Will
be Up Against**

LOCAL MEN ARE ACTIVE

**Five Candidates for Assembly
Claim Charleroi as
Their Residence**

Samples of the big blanket ballot to be used next Tuesday at the fall election have been received in Charleroi. On it are nine parties. Republican, Democratic, Prohibition, Socialist, Bull Moose, Industrialist, Keystone, Roosevelt Progressive and Washington. Of these but eight have presidential electors, the Keystone party being the exception.

By the new ballot it is discovered that Charleroi is well represented on the State ticket. Recently it was stated that there were three candidates for Representative in the General Assembly from here. There are five. William Feeney is the Republican candidate. The Washington party is supporting Theodore J. Allen. Louis Goazious is the Socialist candidate, D. N. Hall has a place on the Prohibition, and the name of Freeman Johnson is to be discovered on the Keystone ticket.

It will take intelligent voting for a voter to split his ticket. There are 38 Presidential electors on each of the eight tickets named. These may be voted upon at the top of the list by one cross. Of course the system of voting the straight ticket is the same as ever by the large square at the left of the ballot. The first four parties, the Republican, Democratic, Prohibition and Socialist are arranged in the order of their standing, coming in the order here given. The rest are named in the order in which their papers were filed.

The Bull Moose, Roosevelt and Washington parties have no candidates for State Treasurer, Auditor General and Representatives in Congress at Large. These tickets contain the names of Republican candidates for these offices. The Bull Moose and Roosevelt Progressive parties have no candidates for Representative in Congress or the legislature. The Washington party, which is asserted to be the true Roosevelt party has Congressional and Assembly candidates. This may be a "fooler" for some voters, who wishing to vote straight for the Roosevelt ticket will not know how to do so.

WHY HE'S FOR TAFT.

Treating the situation from a pure-
ly business standpoint, John Wana-
maker the great Philadelphia mer-
chant, tells why he is for President
Taft for President of the United
States. He says:

"I am not a manufacturer and
have not a dollar invested in any-
thing affected by the tariff, except
as other merchants who are benefited
by the prosperity of the whole peo-
ple.

"I know full well from study, ob-
servation and experience in this and
other countries, what the tariff means
to America.

"I am convinced that a properly ad-
justed tariff to pay present wages
and enable the workingman to live
properly in present comfort is the
only certain foundation of business
prosperity and of contented home
life in the United States.

"The industries are absolutely the
backbone of prosperity and they are
wholly dependent upon steady gov-
ernment protection to secure and hold
the capital which at the beginning
creates and later on maintains the la-
bor of this nation."

Whatever may have been Mr.
Wanamaker's political affiliations or
conduct in the past no one doubts his
business sense. These words are par-
ticularly commended to business and
working people. A change causes
chaos and delay. It will be difficult
to make any improvement in the
present prosperous conditions, and
anything that will interpose a check
will be fatal to industry and business.

CO-OPERATIVE BANKING.

President Taft's strong commenda-
tion of the co-operative banking
system, particularly for farmers, is
attracting wide attention. This sys-
tem which has been so successful
among the peasant farmers of several
countries in Europe has reached a
high degree of efficiency and President
Taft is of the opinion that its im-
plementation in this country will do much
to allay the economic dissatisfaction
that exists throughout the country
due to the impact of banking system
and is doing what he can to make
what is called the "Taft-Sym-
on" into general usage.

Briefly stated the "Raithson Sys-
tem" is simply the co-operation of
small farmers or small tradesmen
who pool their resources as security
for a loan in a lump sum. This is
divided into small loans to help pull
each other out of the hole in times of
business stress and to tide over

emergencies. Individually few of the
co-operators could get a loan at a
bank on terms that would be most
convenient to them, but by co-operat-
ing they can make their own terms
and regulations to suit conditions.
The plan has been reduced to a sys-
tem as complete and perfect as the
Rochdale plan of co-operative buying
and selling. People who are consid-
ered too small financially to do bank-
ing in the regular manner can co-op-
erate and bank for themselves as
readily as they buy and sell merchan-
dise.

The number of wise men who are

Perhaps the farmers wouldn't be

PICKED UP IN PASSING

A Pittsburg newspaper man who
was in Charleoi the other day tell-
ing the local people the "Taft-Sym-
on" telegraphic service down south.
He related how he once went with the
Pittsburg Pirates to the annual spring
outing at Hot Springs, Arkansas, and
with the team started
with a stop to play at some of
the southern cities before the end
of the season opened. One evening after
one of these games, the Pittsburg
press man hopped off at a way station
to get a cup of coffee. He saw a paper
in Pittsburg with the telegraph
message in the south and read it.
The latter scanned the stuff, coasting
the words and said:

"Three dollars and sixty-one cents,
please."

"Oh, you send this collect at high-
west rates, you know," said the news-
paper man. "Our paper pays the
tolls at the other end."

"Not on your life," replied the op-
erator, a fresh young fellow from the
timber. "Only last week a Boston
feller sent in some of this here same
baseball stuff collect and they re-
fused to take it, so I had to dig down
and pay \$3.30 myself. I don't get
stuck a second time. If you want

that stuff to go you'll have to pay for
it in advance."

The operator was obdurate, and
the press man, in order to get his
stuff off, paid the bill and charged it
up to expense account. Then, to sat-
isfy his curiosity, he asked the opera-
tor if he would show him the copy of
the Boston message that was refused.

"Cert," replied the operator, and
produced the "flimsy" copy. There
to his surprise, the Pittsburg man
saw that the stuff had been filed to
the Boston Globe by one of the
most famous baseball specialists in
the country, whose writings are every-
where accepted as authority, and who
was at that time directly represent-
ing the Boston newspaper.

Pondering on the mystery of why
this message should be refused the
Pittsburg man later in the season met
the Boston correspondent, and related
the circumstance, and asked of the
paper actually refused to accept the
stuff he had filed in the little southern
town that spring.

"Refuse it," said the Boston man.
"I should say they did! Why the
dub of an operator never sent it out
until three days after I had filed it.
What paper wants an account of a
game three days after it is played?"

A traveling man, who listened to
the story, related a similar experi-
ence. Happening to be marooned
for a couple of days in a West Vir-
ginia town, he telegraphed home to
his family, where there was sickness,
and asked an immediate reply. All
that day and the next he haunted the
telegraph office but didn't get any
word from home. Finally in despera-
tion he asked the operator if there
wasn't some way he could find out
whether or not his message was deliv-
ered.

"Oh," said the operator, "I haven't
sent it yet. They haven't give me a
wire yet this week."

Then on inquiry the man learned
that the operator filed what mes-
sages he got for delivery and kept
them until he happened to get an
open wire on the line and then sent
out all he had on hand.

SOME WORKING GIRLS LOSE TOO MUCH TIME

Two Girls Tell How To Avoid It.

There is nothing that teaches more than experience. We therefore quote from the letters of two girls who suffered and were restored to health. The same remedy is within reach of all.

Brooklyn, N. Y. "Prior to taking the first bottle of Lydia E. Pinkham's Vegetable Compound I suffered agony every month, but after your wonderful medicine had been taken a while I felt a little better, and after taking seven bottles of it I feel that I can truly say I have no more pain or inconvenience."

"As I am out in the business world as a stenographer, I come in contact with many girls, and when the opportune moment arrives I tell them about the Vegetable Compound and I know that quite a few are taking it."--HELEN CANET, 556 Dean St.

I am enjoying the best of health now, but I was suffering from female troubles and painful periods, and would have backache, headache and fainting spells. If any woman would like to write to me I will gladly answer her letter and tell her what Lydia E. Pinkham's Vegetable Compound has done for me."--Mrs. LATTIE COPENHAVER, Tishomingo, Okla.

FIGHT CENTERS ON WESTERN MARYLAND

The Western Maryland and Pittsburgh and Lake Erie railroads will not be permitted by the other big companies through their alliance to grab all the eastern trade to and from the Connellsville and Pittsburgh regions. Announcement has been made that the Pennsylvania Railroad will build a cut-off from its Cumberland Valley lines in the vicinity of Chambersburg connecting with the Baltimore and Ohio near Cherry run with a view of making common cause against the Western Maryland and Pittsburgh and Lake Erie combination. This means that a combination has been formed by these two big companies that will mean much competition for the traffic east.

HAD NO CERTIFICATE FOR HIS STOCK

Dr. C. J. Marshall, State Veterinarian, received word that W. E. Jones, a cattle dealer at Spraggs, Greene county, has plead guilty to the charge brought by the State Livestock Sanitary Board of bringing dairy cows into Pennsylvania from West Virginia without a health certificate of official permit as is required by law. Mr. Jones paid the fine and costs. The Livestock Sanitary Board officials state they are determined that the interstate law must be complied with and the herds of innocent Pennsylvania dairymen and breeders protected against diseased cattle from other States.

If you don't know much about California Homes and FARMS you owe it to yourself to learn NOW!

CATTLE CROSSING OVER IRRIGATING CANAL

HOME and social life in Northern California is the most pleasant because there are more bright days than in Southern Italy, and there is every convenience for bringing people together.

FARMS in the Sacramento Valley produce many more times net profit to the acre than Eastern farms because the soil is the best, sun shines every day, and there is plenty of good water for irrigating, with proper drainage.

ORANGES, potatoes, alfalfa and all fruits, grains, grasses and vegetables mature earlier in Northern California than in any part of the world.

STOCK and POULTRY are easier to raise and produce more because the climate is healthful and green feed grows in abundance.

MARKETS are very near, with cheap railroad and river transportation, making financial success sure.

If interested, we urge you to write us today and learn of people who are making big money there now.

Let us know what you wish most to be informed about and get an instructive reply.

Don't delay, every day now sees new settlers moving on this land, as it is ready for seed, and the best farms go first.

ACCOUNTS OF EXPENSES FILED BY CANDIDATES

**Dr. Temple in Role of
Financier With No
Expenditures**

TIMES HAVE CHANGED

**of Printer's Ink—Moving
Pictures Popular**

Under the Federal corrupt practices act candidates for Congress from Western Pennsylvania, together with candidates from other states, have filed their accounts of expenses. These accounts are very explanatory credentials of the various aspirants for high official position give evidence of the change in times. Years ago a candidate could be satisfied with having his announcement printed in the papers in his district, and having a few hundred cards printed, together with a small contribution to his county committee.

With the new methods of campaigning all kinds of publicity is demanded, newspaper advertising first of all, poster, program, even toothpicks with names printed thereon and moving pictures. If the candidate is a farmer he must see to it that his constituents view him hoeing corn or digging potatoes; or if a mechanic he was shown by the films as working with machinery.

Rev. Dr. Henry Temple, of Washington, who is the Washington party candidate for Congress from this district, gave evidence that he bought to be a financier by his return of expenses. He reported that he hadn't spent anything, but had received contributions of \$200 from John W. Donnan and J. P. Miller, both of Washington.

Congressman Charles Matthews, of New Castle, who is the Republican candidate for re-election in this Congressional district certified to expenses totaling \$1,015.

Various congressional committees have filed reports also. The Socialist party in the Twenty-eighth Pennsylvania district has spent \$701.76 made up mostly of small contributions collected in various towns and cities.

Big Feature at the Palace.
A big sensational production, "Through Fire and Smoke," in three reels, will be presented at the Palace Theatre tonight. This is a now release, and those who witnessed it in Pittsburgh Saturday say it is one of the most thrilling films they ever saw. It is full of action and human interest and realistic to an intense degree.

Schumann-Heink Coming.
Charleroi music lovers are pleased with the announcement that Mme. Schumann-Heink, the noted singer is to appear in a concert to be given at the Soldiers' Memorial Hall at Pittsburgh on November 4. The great diva will be assisted by a brilliant young pianist Edward Collins.

High School Dance.
The High School Dancing Club have issued invitations for a dancing class which will be held on Friday afternoon. Select.

**WILL NOT OPEN
BIDS ON SCHOOL
TILL NEXT WEEK**

At the solicitation of a number of bidders who declared themselves unable to have their bids prepared for tomorrow night, the time for the opening of bids for the new Charleroi school building will be extended to next week. There will be no meeting of the school board Wednesday night of this week.

Under the new arrangement the bids will be opened Tuesday or Wednesday night of next week, and if possible the contract awarded. The extension of the time will be generally satisfactory because of the Republican rally which is to take place tomorrow night. Architect A. P. Cooper was in Charleroi Monday and conferred with members of the local school board relative to school matters.

IN NEED OF MORE MEN

**Macbeth-Evans Glass
Plant Experiences Pros-
perous Condition**

HAS A LARGE PAYROLL

Many additional men could be used at the plant of the Macbeth-Evans Glass company now it is declared. Operating at as near capacity as possible the factory is rushed with orders. There are nearly 1,500 now employed, and the payroll approximates \$15,000 a week. Recently a new factory was put in operation. There are two furnaces in this plant. To man it requires the transfer of workmen from other parts of the mill. Now a new decorating room is in course of construction that when finished will provide much needed room. A new office building is being constructed in the central part of the factory. This is a two-story building, that will probably be given over to the business superintendent, C. R. Peregrine, and manufacturing superintendent, W. S. James. It is understood that there will be nothing further done in the building line by the Macbeth-Evans company during the winter, but that its building force will confine itself to repair work.

The Macbeth-Evans Glass plant furnishes striking evidence of the prosperous conditions of the times. For some years this plant has been operating steadily, with barely a week's shutdown during the summer, made necessary by need of repairs. During the last two years it has had a particularly good run.

COMMISSIONERS TO MEET IN CHARLEROI

**Brownville Bridge Situation to be Discussed To-
morrow Afternoon—Fail to Accomplish
Results at Pittsburg Meeting**

Commissioners of Fayette and Washington counties discussed the proposition of a new Monongahela river bridge to connect the two counties at Brownville at a meeting in Pittsburg Monday afternoon. Adjournment was taken without anything definite having been accomplished. Arrangements were made to hold a meeting in Charleroi tomorrow afternoon, when it is hoped that something definite will be accomplished.

FEENEY POPULAR DOWN THE RIVER

**Donora American Tells of
Life Struggles of Local
Candidate for Assembly**

Hon. William Feeney of Charleroi who is one of the Republican candidates for assembly, is everywhere meeting with much encouragement. Mr. Feeney has served one term in the assembly with credit to both himself and his constituents, and his integrity and high sense of duty were then displayed. He is winning his support in every quarter of the county. Speaking of Mr. Feeney's campaign, the Donora American says:

"The candidacy of William Feeney who aspires to succeed himself as representative in the legislature, should appeal to all who admire inherent honesty of purpose and pluck, especially to the voters of the laboring class. Mr. Feeney belongs to the class of men who toil and is not ashamed of it. His election two years ago to the legislature did not inspire him to put on airs. Following the adjournment of the last session Representative Feeney found himself with time on his hands and a family to provide for. It was "back to the mines" for him and Mr. Feeney went to work digging coal.

"Representative Feeney was raised in a humble Jefferson county home and early in life went to work in the mines. Shortly after attaining his majority he was attracted to the Monongahela valley and here he has since resided, always honest and industrious and always winning friends among his fellow workmen. In the United Mine Workers association he held for two years the office of district leader and for the same period he has served as international teller.

"Two years ago the miners of Washington county brought Feeney out as their candidate for the legislature, in the full confidence that in him they had a man who would work for their interests in the matter of legislation. Feeney won in spite of determined opposition. In that campaign money was spent freely by most of the candidates, but very little in the interest of Feeney. His total campaign expense amounted to \$53.

"Not only has Representative Feeney won the plaudits of his first supporters, but has steadily added to their number."

THREE WEEKS OF LIMERICK CONTEST

**Interesting Advertising Fea-
ture of Mail Gradually
Drawing to Close**

Just three more weeks remain of the Limerick Contest and there doesn't seem to be any let up in the interest. The efforts of Mail readers have been received in greater number and of better quality than at any time during the contest, since last week's issue. The Mail appreciates the fact that some contestants have taken the page of Limerick ads and written a verse appropriate to each one. The Mail is sorry to say however that in many cases where such contributions were received, they lacked the point and sparkle of the single effort. Do not try to write a dozen mediocre or ordinary Limericks. Write one good one—one that is something different or unique. The Limerick construction is the thing—five lines, with the limerick wing. Study the prize winners and you'll see that "there's a reason."

Following are the prize winners for limericks published last week: Mrs. George Woodhall, one dollar prize for Limerick in advertisement of W. Berryman and Son, Department Store.

Miss Marie Whitehead one dollar prize for Limerick in advertisement of Leslie Campbell, Clothing and Men's Furnishings.

Besides these prizes of two dollars each week a grand prize of ten dollars in gold will be awarded to the person having written the largest number of prize-winning limericks. Those who have won prizes should do some thinking between now and the close of the contest and resolve to win the biggest and best prize of all.

SCOPE OF SUNDAY SCHOOL CONFINED

With the idea of affording the Washington County Sabbath School Association a wider scope in which to work, John S. Rodgers of the Ebenezer M. E. Sunday School on Sunday evening at the Charleroi district convention held here presented a resolution which was adopted, urging the enlargement of the constitution of the county association. Mr. Rodgers idea is to have the county Sunday School workers take up matters pertaining to the health and to the conditions of the people generally. Instead of confining their efforts merely to the routine departmental work. His resolution was as follows:

To the Washington County Sabbath School Association:
Greetings: Whereas, The Constitution of the Washington County Sabbath School Association is an instrument less extensive than might be in scope, sphere and power for presenting, working and advancing the various matters and interests of Sabbath Schools;

Therefore, we the members of the Washington County Sabbath School Association respectfully request that the 1913 Convention of the Washington County Sabbath School Association enact measures necessary to enlarge the constitution thereof, to comprehend the various matters relative to Sabbath Schools.

MEETING IMPORTANT

**Republicans to Lay Final
Plans Tonight for
Rally**

MUCH LOCAL INTEREST

Much interest is being manifested in the meeting of Republicans to be held tonight in the Bank of Charleroi hall at 8 o'clock, when final matters of preparation for the rally tomorrow will be made. The meeting will not be only for committeemen but for all Republicans.

In the parade tomorrow the Charleroi division will form on Sixth street above Falowfield avenue. A big number is expected to be in line. Preceding the Charleroi division in the parade will be the numerous delegations from other points.

Encouraging reports are being received from other places showing that they are taking as great an interest in the rally as Charleroi people.

ORGANIZED LABOR'S ATTITUDE TOWARDS WOODROW WILSON

New Jersey State Federation of Labor, Representing over 80,000 Members, Cornelius Ford, President.

Hoboken, N. J. October 8, 1912.
Mr. C. E. Knoch, 1202 McKean Ave., Charleroi, Pa.
Dear Sir:—In reply to yours of the 5th inst., I beg to say that no injunction was ever issued or can I find anything in Woodrow Wilson's public career antagonistic to Labor. I am enclosing a pamphlet which proves beyond doubt Governor Wilson's attitude. His administration has received the favorable endorsement of the above organization.

**Sample Ballots Show
What Voter Will
be Up Against**

LOCAL MEN ARE ACTIVE

**Five Candidates for Assem-
bly Claim Charleroi as
Their Residence**

Samples of the big blanket ballot to be used next Tuesday at the fall election have been received in Charleroi. On it are nine parties, Republican, Democratic, Prohibition, Socialist, Bull Moose, Industrialist, Keystone, Roosevelt Progressive and Washington. Of these but eight have presidential electors, the Keystone party being the exception.

By the new ballot it is discovered that Charleroi is well represented on the State ticket. Recently it was stated that there were three candidates for Representative in the General Assembly from here. There are five. William Feeney is the Republican candidate. The Washington party is supporting Theodore J. Allen. Louis Goazou is the Socialist candidate. D. N. Hall has a place on the Prohibition, and the name of Freeman Johnson is to be discovered on the Keystone ticket.

It will take intelligent voting for a voter to split his ticket. There are 38 Presidential electors on each of the eight tickets named. These may be voted upon at the top of the list by one cross. Of course the system of voting the straight ticket is the same as ever by the large square at the left of the ballot. The first four parties, the Republican, Democratic, Prohibition and Socialist are arranged in the order of their standing, coming in the order here given. The rest are named in the order in which their papers were filed.

The Bull Moose, Roosevelt and Washington parties have no candidates for State Treasurer, Auditor General and Representatives in Congress at Large. These tickets contain the names of Republican candidates for these offices. The Bull Moose and Roosevelt Progressive parties have no candidates for Representative in Congress or the legislature. The Washington party, which is asserted to be the true Roosevelt party has Congressional and Assembly candidates. This may be a "fooler" for some voters, who wishing to vote straight for the Roosevelt ticket will not know how to do so.

WHY HE'S FOR TAFT.

Treating the situation from a pure-
ly business standpoint, John Wana-
maker the great Philadelphia mer-
chant, tells why he is for President
Taft for President of the United
States. He says:
"I am not a manufacturer and
have not a dollar invested in any-
thing affected by the tariff, except
as other merchants who are benefited
by the prosperity of the whole peo-
ple."

"I know full well from study, ob-
servation and experience in this and
other countries, what the tariff means
to America."

"I am convinced that a properly ad-
justed tariff to pay present wages
and enable the workingman to live
properly in present comfort is the
only certain foundation of business
prosperity and of contented home
life in the United States."

"The industries are absolutely the
backbone of prosperity and they are
wholly dependent upon steady gov-
ernment protection to secure and hold
the capital which at the beginning
creates and later on maintains the la-
bor of this nation."

Whatever may have been Mr.
Wanamaker's political affiliations or
conduct in the past no one doubts his
business sense. These words are per-
ticularly commended to business and
working people. A change caused
chaos and delay. It will be difficult
to make any improvement in the
present prosperous conditions, and
anything that will interpose a check
will be fatal to industry and business.

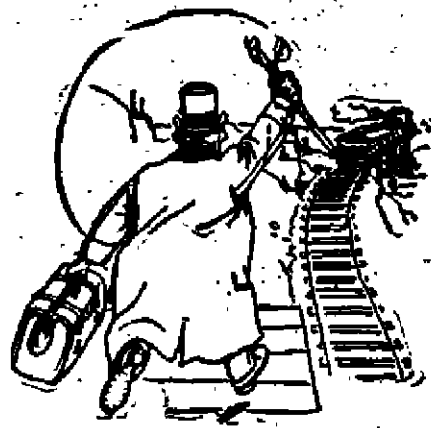

CO-OPERATIVE BANKING.

President Taft's strong commenda-
tion of the co-operative banking
system, particularly for farmers, is
attracting wide attention. This sys-
tem which has been so successful
among the peasant farmers of several
countries in Europe has reached a
high degree of efficiency and President
Taft is of the opinion that its intro-
duction in this country will do much
to allay the economic dissatisfaction
that exists throughout the country
due to the imperfect banking system,
and is doing what he can to intro-

duce it into general usage.

Brady stated the "Raiffeisen Sys-
tem" is simply the co-operation of
small farmers or small tradesmen
and pool their resources as security
for a loan in a bank. This is
the same as the co-operative bank-
ing system.

emergencies. Individually few of the
co-operators could get a loan at a
bank on terms that would be most
convenient to them, but by co-operat-
ing they can make their own terms
and regulations to suit conditions.
The plan has been reduced to a sys-
tem as complete and perfect as the
building and loan associations of the
Rochdale plan of co-operative bank-
ing and selling. People who are consid-
ered too small financially to do bank-
ing in the regular manner can co-oper-
ate and bank for themselves as
readily as they buy and sell merchan-
dise.

PICKED UP IN PASSING

A Pittsburg newspaper man who
was in Charlevoix the other day tells
how little regard for time they have
in the telegraphic service down south.
He related how he once went with the
Pittsburg Pirates to the annual spring
training quarters, at Hot Springs,
Arkansas, and with the team started
north stopping to play at some of
the southern cities before the regu-
lar season opened. One evening after
one of these games, the Pittsburg
press man hopped off at a way sta-
tion in Pittsburg with the telegraph
operator to be sent at night rats.
The latter scanned the stuff, counted
the words and said:
"Three dollars and sixty-one cents,
please."

prices rates, you know," said the news-
paper man. "Our paper pays the
tolls at the other end."

"Not on your life," replied the op-
erator, a fresh young fellow from the
timber. "Only last week a Boston
feller sent in some of this here same
baseball stuff collect and they re-
fused to take it, so I had to take it
and sell it myself. I don't get
any more of that kind of stuff."

the stuff to go you'll have to pay for
it in advance."

The operator was obscure, and
the press man, in order to get his
stuff off, paid the bill and charged it
up to expense account. Then, to sat-
isfy his curiosity, he asked the opera-
tor if he would show him the copy of
the Boston message that was refused.
"Cert," replied the operator, and
produced the "nimmy" copy. There
to his surprise, the Pittsburg man
saw that the stuff had been filed to
the Boston Globe by one of the
most famous baseball specialists in
the country, whose writings is every-
where accepted as authority, and who
was at that time directly represent-
ing the Boston newspaper.

Pondering on the mystery of why
this message should be refused the
Pittsburg man later in the season met
the Boston correspondent, and related
the circumstance, and asked of the
paper actually refused to accept the
stuff he had filed in the little southern
town that spring.

"Refuse it," said the Boston man.
"I should say they did! Why tha-
dub of an operator never sent it on
until three days after I had filed it.
What paper wants an account of a
game three days after it is played?"

A traveling man, who listened to
the story, related a similar experi-
ence. Happening to be marooned
for a couple of days in a West Vir-
ginia town, he telegraphed home to
his family, where there was sickness,
and asked an immediate reply. All
that day and the next he haunted the
telegraph office but didn't get any
word from home. Finally in desper-
ation he asked the operator if there
wasn't some way he could find out
whether or not his message was de-
livered.

"Oh," said the operator, "I hadn't
sent it yet. They haven't give me a
wire yet this week."

Then on inquiry the man learned
that the operator filed what mes-
sages he so for delivery and kept
them until he happened to get an
open wire on the line and then sent
out all he had on hand.

lines and to win a prize must contain the name of the advertiser, some
article he sells or some other catchy allusion that will please the ad-
vertiser. First study the advertisements and then write your Limerick.
Write as many as you please for any or all the advertisers on
this page. Visit their places of business for suggestions. Two prizes
of One Dollar each will be given each week for the two best Limericks
published. The Contest will continue TEN WEEKS IN TUESDAY'S
ISSUE. At the end of that time TEN DOLLARS IN GOLD will be
given to the person writing the largest number of prize winning Limericks.
Think 'em up. It's easy. Read the model Limericks this week.
Hundreds of other Limericks submitted by our readers will be pub-
lished besides the prize winners. Even if you don't enter the con-
test, watch this page every week for entertainment for the family.
Also these Limericks WILL TELL YOU WHERE IS THE BEST

FIGHT CENTERS ON WESTERN MARYLAND

The Western Maryland and Pittsburgh and Lake Erie railroads will not be permitted by the other big companies through their alliance to grab all the eastern trade to and from the Connellsville and Pittsburg regions. Announcement has been made that the Pennsylvania railroad will build a cut-off from its Cumberland Valley lines in the vicinity of Chambersburg connecting with the Baltimore and Ohio near Cherry run with a view of making common cause against the Western Maryland and Pittsburgh and Lake Erie combination. This means that a combination has been formed by these two big companies that will mean much competition for the traffic east.

HAD NO CERTIFICATE FOR HIS STOCK

Dr. C. J. Marshall, State Veterinarian, received word that W. E. Jones, a cattle dealer at Spraggs, Greene county, has plead guilty to the charge brought by the State Livestock Sanitary Board of bringing dairy cows into Pennsylvania from West Virginia without a health certificate of official permit as is required by law. Mr. Jones paid the fine and costs. The Livestock Sanitary Board officials state they are determined that the interstate law must be complied with and the herds of innocent Pennsylvania dairymen and breeders protected against diseased cattle from other States.

SOME WORKING GIRLS LOSE TOO MUCH TIME Two Girls Tell How To Avoid It.

There is nothing that teaches more than experience. We therefore quote from the letters of two girls who suffered and were restored to health. The same remedy is a sure cure for all.

Brooklyn, N. Y. — "Prior to taking the first bottle of Lydia E. Pinkham's Vegetable Compound I suffered agony every month, but after your wonderful medicine had been taken a while I felt a little better, and after taking seven bottles of it I feel that I can truly say I have no more pain or inconvenience.

"As I am out in the business world as a stenographer, I come in contact with many girls, and when the opportune moment arrives I tell them about the Vegetable Compound and I know that quite a few are taking it."—HELEN CANET, 556 Dean St.

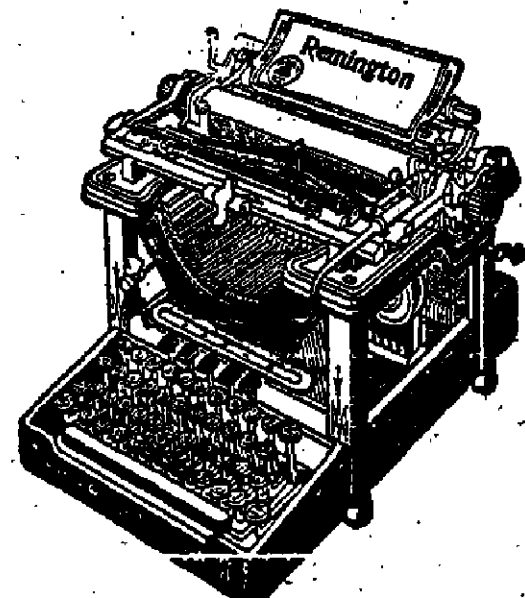

Another Girl's Experience. Tishomingo, Okla. — "I am a stenographer and book-keeper, and Lydia E. Pinkham's Vegetable Compound has saved my life. I am enjoying the best of health now, but I was suffering from female troubles and painful periods, and would have backache, headache and fainting spells. If any woman would like to write to me I will gladly answer her letter and tell her what Lydia E. Pinkham's Vegetable Compound has done for me."—MRS. LATTIE COPENHAVER, Tishomingo, Okla.

If you don't know much about California Homes and FARMS you owe it to yourself to learn NOW!

CATTLE CROSSING OVER IRRIGATING CANAL

HOME and social life in Northern California is the most pleasant because there are more bright days than in Southern Italy, and there is every convenience for bringing people together.

FARMS in the Sacramento Valley produce many more times net profit to the acre than Eastern farms because the soil is the best, sun shines every day, and there is plenty of good water for irrigating, with proper drainage.

ORANGES, potatoes, alfalfa and all fruits, grains, grasses and vegetables mature earlier in Northern California than in any part of the world.

STOCK and POULTRY are easier to raise and produce more, because the climate is healthful and green feed grows in abundance.

MARKETS are very near, with cheap railroad and river transportation, making financial success sure.

If interested, we urge you to write us today and learn of people who are making big money there now.

Let us know what you wish most to be informed about and get an instructive reply.

Don't delay, every day now sees new settlers moving on this land, as it is ready for seed, and the best farms go first.
